Emma – Allen’s presentation doesn’t cover the recent stuff. What about the briefing material we prepared for the Administrator in 2021?

Attached is a draft I have from Lou, not sure if I have the final, final?

I’ve also attached Allen’s SR CoP slides from Dec 2018

Hi – see below, request to Chris from OGC – I have enough material and knowledge on EtO to refresh my memory quickly but less on chloroprene besides the recent RfC response.

If any hard/detailed questions, I’ll bring them back to you.

Hi Emma

Chris will be meeting with Melissa Hofer this Thu (3/10) at 5pm to talk with her about Chloroprene and EtO. Would you be available/willing to attend this meeting and serve as Chris’ technical expert?

Hi Chris,

Would you be willing to take some time with me this week to help me understand the state of the science w/r/t to toxicity of these chemicals?

Thanks,

Melissa
